

The seventh client meeting for the MCI Project 15(UniMingle:boosting student diversity) will be held in Ingkarni Wardli level 3 at 3 pm on Sunday 5th May 2019

Agenda

Chair: Yu Liu (supervisor)

Secretary: Xuankai Feng

Members

Xiuquan Wang a1693663

Xuankai Feng a1700592

Junhong Zhu a1712762

1 Apologies

None.

2 Presentation

2.1 Xiuquan Wang

- Demonstrate the back-end implementation of event functional module, involving delete/create/edit/search functions.

2.2 Junhong Zhu

- Demonstrate the UI of geography map page, and the updated of user pages.

2.3 Xuankai Feng

- Demonstrate the progress of testing plan, which will be implemented in the further test. Including software inspection and software test.

2.4 Functional requirements and Presentations in Last Meeting

Discussion on implementation of geography map page,

technology stacks selections about UniMingle, including both front-end and back-end.

Discussion on test methods will be used in further test about UniMingle.

2.5 Problems and solutions

Problems: We have to discuss about the UI of geography map and details of test plan.

Solutions: Every team member will join in discussion on this issue and make a concurrent decision.

3 Requirements Elicitation

3.1 Test cases design should be discussed further to meet the requirement of coming tests.

3.2 Functions which are under developing should be finished as early as possible to reserve time for debugging and tests.

4 Other Issues

- Code and documentation management.
- Git branches management.

Note: Next meeting will be held on 12th May 2019
