6 Discussion

6.1 Webpage design

We shared our thoughts about the webpage design of our UniMingle platform, especially the buttons and functions contained in navigation bar on the top, etc.

In conclusion, as a group we all agreed that we will work on a webpage design as listed following:

Homepage: Full screen banner for events, top navigation bar including log in, set up new events and check all current events buttons. An obvious button will lead users jump to heating map page.

All events page: a heating map which shows the popularity degree and the location on the right, then a list of all events can be seen on the left.

Set up new events page: using pop-up windows which can be called in all pages.

6.2 Pitch presentation

We discussed about the contents of pitch presentation which should be submitted in week 3.

Our supervisor Yu Liu shared some thoughts about our survey angles which may be used in the pitch plan. Junhong noticed that we should including mobile webpage design and

Xiuquan propose the presented contents of back-end. Xuankai proposed a draft framework of the pitch presentation plan.

6.3 Action items
